SPOOKY in SCARY STORY TIME

One fine gloomy evening, Spooky was busily polishing his derby when a loud knock rattled his door.

"Just when I was leaving to scare up a little fun!" he groaned. "But I'll soon get rid of this busybody!"

Yanking open the door in a rage and preparing to fly at the intruder, Spooky was taken back at the appearance of a large grinning ghostlady, surrounded by a mob of howling, yowling little spooks.

"It's me, Spooky!" she giggled, "your cousin Sadie Spook! I'm the ghostess with the mostest—remember? Mostest kids, that is!" she shrieked.

"I have to go to a monster sale," she babbled on. "Always wanted a monster, you know! Yuk! Yuk! So I knew you wouldn't mind minding the kids for a spell!"

"Aw, now Sadie," moaned Spooky, "I don't know from nothing about kids—!"

"Then it's time you learned," replied his cousin, trotting away down the path. "I know you can scare up something for them to do. See you later!"

"Oboy, Uncle Spooky is going to play with us!" shrieked one of the little spooks as they raced wildly through him into the house. "Let's play hide-and-spook! We'll hide Uncle Spooky and then—"

"Naw, let's play it's a party and have some ghost-toasties! I'm hungry again!" squealed one of the little girl ghosts who looked as though she made a career of

eating.

"Now, wait a minute, kids!" shouted Spooky, with visions of his home turned into a shambles and his whole supply of ghost-toasties gobbled up.

"Come down from there," he called to a wiry young spook running around the ceiling. "And get out of that refrigerator—you're liable to catch cold," he went on, seizing a couple of the kids who were passing through the door.

"Let's settle down," Spooky ordered them, "and try to think of something all of you would like to do."

"I know! You could tell us a story, Uncle Spooky," piped up the smallest of the little ghosts.

"Yeah, a real spooky ghost story," agreed the others. "Mama won't tell us any—she gets so scared herself!"

"Hmm, not a bad idea," muttered Spooky to himself, "I'll tell 'em such a scary story they'll be afraid to come back again."

"OK, kids, here goes," he said aloud, clearing his throat. "Well, once upon a time there was a horrible monster . . ."

"Aw, not one of those corny critters!" sneered the oldest of the little spooks.

"But this monster was so awful—" Spooky tried to go on.

"Did it have green skin and red eyes?" asked one of the little girls hopefully.

"Worse than that," Spooky assured her. "But if you kids don't quit interrupting me, I can't make up—I mean, remember the story."

"Oh well, go on, but this story better be good—good and bad, that is!" tittered

CASPER, THE FRIENDLY GHOST

THE END

a little spook with freckles and big buck teeth.

"Well, the monster was so frightful," continued Spooky, waving his arms dramatically, "that whoever looked at him was turned to stone. He lived in a dark old castle filled with statues..."

"Don't tell us—those statues were people the monster had turned to stone!" scoffed a nervy little ghost.

"Naturally," said Spooky. "And so everybody was afraid to go near the place. But one day along came a tuff little ghost..."

"I s'pose he looked just like you?" yawned a fat little spook lying over one of the chairs.

"Well, yes, he did!" replied Spooky sharply. "This tuff little ghost wasn't afraid of any awful old monster. He was not only tuff—he was smart. He wasn't going to let anybody turn him to stone!"

"Too bad," muttered another little ghost nastily. "A ghost made out of stone would be fun!"

"Well, sir," Spooky went on, trying to

ignore him, "when this tuff little ghost I was telling you about flew into the castle he just closed his eyes..."

"Then how could he see where he was going?" interrupted one of the others.

"He closed his eyes just so he wouldn't see the monster's face, smarty!" snapped Spooky. "Now you kids keep quiet or I'll never finish this story."

"Let's see, oh, yes—he flew into the castle," Spooky said, flapping his arms dramatically, "and started a real hulla-baloo. The sound was so scary the castle practically fell apart!"

"And the monster got so frightened he ran away and was never seen again—fortunately. And of course that broke the spell he cast, so the statues became people again and lived happily ever after. How's that?" he concluded proudly

Spooky looked around him. The little spooks were all sound asleep.

"Huh, looks like I didn't scare them after all," mumbled Spooky. "But at least I got the little pests quieted down."

Just then the front door opened. It was cousin Sadie Spook back from her shopping trip. She looked at the sleeping little spooks in amazement.

"This is wondreful, Spooky," she warbled. "I don't know how you did it. It sure looks like I came to the right place."

"Huh? What do you mean?" asked Spooky suspiciously.

"Why, you're so good at handling kids," Cousin Sadie Spook informed him. "After this I'll know where to leave them when I want a little peace and quiet!"

CASPER presents MYSTERIES of the MOON

By now, everybody knows about Casper the Friendly Ghost's flight to the moon, but just how much do we actually know about the moon itself?

The Moon is Earth's satellite. It has a diameter (distance across) of 2,160 miles compared to Earth's 7,900. This means that it is about one-fourth the diameter of our home planet.

The *mean* distance to the Moon is only 239,000 miles, which is a very small footstep by interstellar standards. Moon's orbit around Earth is such that at certain times it approaches to within 222,000 miles of us, while at other times it recedes to 253,000.

The material of the Moon weighs only 3.3 times the weight of an equal volume of water, compared to Earth's density of 5.5. This must mean that it is composed of lighter materials than Earth, or that it lacks the liquid metallic core that the Earth possesses. The chances are that Moon consists of nothing but ROCK, through and through.

Any *atmosphere* that Moon may have ever had has long since vanished. Its surface is now airless... unlike that of a number of other planets we have been able to observe.

The five-ninths of Moon's surface that we can see from Earth are raw and rugged beyond anything on our own planet. Since

Moon formed there has been no activity of wind and waves to grind down the mountains, and no rain to cause erosion. Only two forces have ever been active on Moon's surface to tear down and level off the rock formations that are there. These are: the presence of extreme temperature variation and relentless meteor bombardment.

On the bright side of Moon, which lasts 14 Earth days, the surface becomes exceedingly hot. This bright-side temperature has been measured at 160 degrees Fahrenheit in early "morning," rising quickly to around 215 degrees F. (hotter than boiling water). At the end of the "day" the temperature falls over several hours (as the rocks give up their heat) to a frigid 243 degrees below zero F.

This more than anything else erodes and cracks the surface rock. It would be like

taking a pottery bowl hot out of the baking kiln and dropping it in a bucket of ice water.

Much of Moon's surface is covered with CRATERS. These pockmarked areas are visible to you through almost any department-store telescope, and astronomers can distinguish between old, worn-down craters which were formed by meteor collisions

CASPER, THE FRIENDLY GHOST

hundreds of thousands of years ago and the newer, fresher craters which have not been exposed to thermal erosion for so long a time.

The first man to map out any details of the lunar surface was the astronomer Galileo, in the year 1610, after he'd observed it in his telescope. In 1647 a map was published by another astronomer showing and naming 250 formations on Moon. The most recent map details 90,000 distinctly different formations.

Because of the continued pounding of spectacular meteorites, even the craters on Moon have craters. The size of Moon's craters varies from 180 miles to one inch in diameter. The meteor that formed the huge crater Tycho, must have been more than 2 miles in diameter.

One lunar crater, large but typical, is the 10-mile-wide Bessel crater. It has a depth of 4,300 feet and a rim height of 1,600 feet. In all, over 300,000 craters more than a mile in diameter can be counted on the side of Moon that faces Earth.

Although Earth is exposed to the same type of bombardment, Earth has *atmosphere* that slows down missiles from space and then burns them up by friction. Moon, as we have seen, has no such protective atmosphere.

Much of Moon is covered by a layer of dust, or gravel, but we know that on the great mountain slopes there is less dust than in the lower areas. These mountain ranges have heights that vary from several hundred feet to several thousand.

Perhaps the strangest type of structures on Moon are DOMES. These appear to be smooth hill-like growths that may rise to several hundred feet and have an average

width of ten miles. Although they reflect light as would a clear surface, these domes actually have many cracks and other flaws. Only a few dozen domes are known to exist.

THE FULL STORY OF CASPER'S MOON FLIGHT APPEARS IN **CASPER'S SPACE SHIP #1**

STILL

SALE

GET
YOUR
COPY
NOW!

Now that you know something about what Moon is like, you can see why such an important part of the program leading up to the landing on it was the study of Moon's surface. It is always necessary to be very careful to select landing sites from which vehicles and men can cope with and explore the rugged terrain.

As we congratulate N.A.S.A. and Casper for their successful Moon landing, we should realize that Moon is the first stepping stone to the rest of the Universe . . . and the many new worlds that await us.

SID BITS

HERE ARE SEVERAL IMPORTANT THINGS THAT I'D LIKE TO REPORT THIS MONTH THAT INVOLVE NEW, GIANT STEPS THAT HARVEY COMICS IS TAKING OR IS ABOUT TO TAKE.

FIRST, IF NOT FOREMOST, IS THE APPEARANCE THIS MONTH OF THE FIRST ISSUE OF THE INCREDIBLE CRASH DUMMIES. WE BELIEVE THIS IS GONNA BREAK YOU UP—AS WELL, MATTER OF FACT, AS EACH ONE OF THE CRASH DUMMIES! THIS DEBUT STORY IS ABOUT THE STRANGE DISAPPEARANCE OF THE NEW PRESIDENT OF THE UNITED STATES AND THE ATTEMPT BY THE EVIL JUNKMAN (WAIT'LL YOU SEE HIM!) TO TAKE OVER THE GOVERNMENT. WHO'S GOING TO STOP THEM? WELL, WHEN IT DEPENDS ON SPIN AND SLICK, THE TWO CRASH DUMMIES HEROES, STICK AROUND FOR ONE WILD RIDE.

THIS IS A DYNAMITE BLACK COMEDY ADVENTURE, BY ANGELO DECESARE AND BILL VALLELY, THAT EVERYONE WILL BE TALKING ABOUT. DON'T MISS IT! (NEXT MONTH, BY THE WAY, WILL SEE THE INTRODUCTION OF THE CRASH DUMMIES! NOW THAT'S SOMETHING TO UNRAVEL.)

ALSO COMING VERY SOON IS BEETHOVEN, THE CANINE HERO OF LAST YEAR'S BIG COMEDY MOVIE, AND THE MAD, MAD FAMILY THAT POPULATES HIS HOME. IT'S DIFFICULT CALLING THESE FOLKS HIS MASTERS, YOU KNOW, 'CAUSE IT'S A QUESTION AS TO WHO MASTERS WHO! IN ANY CASE, THE BEETHOVEN COMIC BOOK WILL BE APPEARING JUST ABOUT THE TIME OF THE PREMIERE OF BEETHOVEN'S 2ND, THE HILARIOUS MOVIE SEQUEL, AND IT'LL BE A KNOCKOUT JOYRIDE FROM START TO FINISH.

AND LASTLY, BUT HARDLY LEASTLY, BEGINNING LATER THIS YEAR WE WILL BE BRINGING YOU 5 NEW HANNA-BARBERA TITLES EACH MONTH FEATURING ALL NEWLY CREATED AND DRAWN MATERIAL. YOU'LL BE SEEING THE NEW ADVENTURES OF THE FLINTSTONES, THE JETSONS, SCOOBY DOO AND TWO OTHER HANNA-BARBERA TITLES FEATURING THE LIKES

OF YOGI BEAR, MAGILLA GORILLA, TOP CAT AND THE WHACKY RACERS!

THESE WILL BE MONTHLY TITLES FEATURING THE FIRST BRAND NEW MATERIAL PUBLISHED AROUND THESE CHARACTERS IN MORE THAN TEN YEARS! AND WE PROMISE YOU THE MOST SENSATIONAL TIME YOU'VE HAD IN A LONG, LONG TIME.

WE'LL TELL YOU MORE ABOUT THIS LATER, BUT LOOK FORWARD TO SOME OF THE MOST CREATIVE WORK IN HUMOR YOU'VE EVER SEEN.

BEFORE I SAY GOOD-BYE THIS MONTH—AND TAKE A BREATH FROM ALL THE EXCITEMENT OF THESE INCREDIBLE ANNOUNCEMENTS—I WANT TO SAY THANK YOU TO SO MANY OF YOU WHO HAVE WRITTEN ME AT THIS ADDRESS. I DO READ ALL YOUR LETTERS, AND I'M DELIGHTED TO SAY THAT MOST OF THEM HAVE BEEN SO COMPLIMENTARY. AND IF NOT COMPLIMENTARY, THEN, AT THE LEAST, VERY INFORMATIVE.

BUT I MUST SAY A SPECIAL THANKS TO J. S. SCHUMACHER, OF DURANGO, COLO.; JOEY MARCHESI, OF UNION, N. J.; DIANE JOHNSON, OF MISSION VIEJO, CAL.; SCOTT GIBSON, OF EVERGREEN, CO. AND TRACY LISMAN, OF HOUSTON, TEXAS.

KEEP THOSE LETTERS COMING TO. WE LOVE HEARING FROM YOU, AND REMEMBER—YOUR COMMENTS HELP TO SHAPE OUR FUTURE.

Sid
SEE YOU NEXT TIME.

and we get letters...

Dear Wendy,
Hi! My name is Mallory. I am in the third grade, and I am nine years old. I read your comics all the time. I am from Bainbridge Island, Washington. I also have a pool table. I like to collect cats. Do you collect anything?
Your friend, Mallory Mihara
Bainbridge Island, WA

Dear Mallory,
I have two things I like to collect, Mallory, and you just helped one of my collections get bigger! More than anything I like to collect new friends, and every time one of my fans write in, my collection of friends grows! And since my three aunts are always up to mischief, the other thing I like to collect are good spells! By the way, Mallory, we also have a pool table in the Enchanted Forrest! Spooky's very good, but instead of using a stick to hit the balls, he just "Boos" at the balls to make them move!
Your friend, Wendy

Dear Dot,
My name is Nicole Denise Leger. I am seven years old. I wish I could see you in real life. I like your comic books, but I only have one. What are your favorite colors? Mine are pink, purple, red, white and blue. Do you like to read books? I do!
Your friend, Nicole Leger
Elverta, CA

Dear Nicole,
I think every color is pretty, Nicole—as long as it's on a dot! Yesterday I painted different color dots all over the wall! And when you mix the paint from one color dot with the paint from another color dot, you get a new colored dot! A red dot mixed with a blue dot makes a purple dot, a yellow dot mixed with a red dot makes an orange dot, and a yellow dot mixed with a blue dot makes a green dot! I

like to read books too, Nicole, especially when the words have lots of dotted "Ts"!

Your friend, Dot

Dear Casper and Wendy,
I like your comics. Tell the Ghostly Trio and the Witch Sisters not to be mean. I typed this letter on my Daddy's wordprocessor. My name is Gregory and I am seven years old.
Your friend,
Gregory Simonson
Shamrock, OK

Dear Gregory,
We try to make the Ghostly Trio and the Witch Sisters nicer, Gregory, but it's not easy! This morning Wendy decided to teach them a lesson when she overheard the Ghostly Trio and the Witch Sisters planning to play a trick on a family of elves! She cast a spell so that the Ghostly Trio thought the Witch Sisters were the elves, and then she cast another spell so that the Witch Sisters thought the Ghostly Trio were the elves! They ended up playing their pranks on each other, and Wendy got to make some new elf friends!

Your friend, Casper

Dear Richie,
I have been a fan of yours for a long time, and I think you are very lucky to have a girlfriend like Gloria. I want to have a girlfriend too, but all the girls I know just want to be my friend. I do very well in school. When I grow up, I want to be a doctor. Then I can be rich like you!
Your friend, Jeff Chung
Burlington, VT

Dear Jeff,
I think I'm very lucky too, Jeff, but I think you are just as lucky! You have lots of friends, and you must be smart to be doing so well in school! And when you become a doctor, Jeff, you'll get to do

something extra special! You'll be able to make sick people well, which is something that even all of my money can't do!
Your friend Richie

Dear Harvey,
I am 12 years old and am trying to create a cartoon character.
I want to know how you came up with characters like Richie Rich, Casper and everyone else. I read a lot of your comics. I love cats and kittens very much. My walls are covered with cat and kitten posters. I have cat lamps, ornaments, quilts, sickers and cloths. Believe it or not, my rug has cats on it too! This is why I want to create cat and kitten characters!
Your friend, Alesha Bazian
Alberta, Canada

Dear Alesha,
Many years ago, some very talented men such as Warren Kremer and Howie Post helped mold Richie, Hot Stuff and the rest of the Harveyland Gang into the characters we all know and love today! Keep reading each month's "Sid Bits," Alesha, to learn more about how all the Harvey characters were created! As far as creating your own character, Alesha, keep your eye on these very pages for exciting writing and drawing contests and for a chance to see your work in a Harvey comic book!

From, the Harveyland Gang
